

Amreet

**Title and Author**

Demon Thief Darren Shan

**Plot Summary**

Kernel Fleck is the main character in this book. He has a brother named Art. They both love each other and don't ever fight. Art is very young, while Kernel is a teenager. One day they go to school together but a demon appears out of nowhere. When he comes he takes Art with him. Art leaves his orange marbles in the school. A whole group of magicians come out of the window too. They say the demon's name is Cadavar. They say his brother is already dead by then, but Kernel says he wants to go to the other world. They have a really good adventure and to know the end read the book.

**Plot High Point**

The high point of the book is when Kernel crosses the world and reaches the demon world. He has a really good experience and it is very interesting to read how demons attack him and what he goes through. At the end something really shocking is revealed and it scares me a lot!

**Main Characters**

Kernel Fleck- He is the main character and he is very responsible. Art Fleck- Brother of Kernel, and acts very weird sometimes. Cadavar-He is the main demon in the book and takes Art with him which is what this book is all about. Four Magicians- The four help out Kernel find his brother but one always is negative.

**Setting**

The story happens in the Demon World, School and Kernel's house. This is present tense.

**Personal Opinion**

I think this book was interesting. I sometimes got bored because there was no action but most of the times it was really good.
